NOSE WAR

Geraldo's Bloody TV Brawl — His Own Story

"I'm proud of my broken nose," boasts Geraldo Rivera. "I battled hate-mongers — and won!"

Rivera's nose was broken when he was hit by a chair in a wild brawl that erupted during a November 4 taping of his TV talk show featuring three young white racists.

In an exclusive interview, an outspoken Geraldo declared: "These people are filled with viciousness, hate and lies — and we exposed them as the violent thugs they are."

"When supporters of the white racists charged on my stage with their fists flying, they showed their true colors. And it's important that the young people of this country see that someone has the guts to fight back against their sick message."

"Sure, I have a broken nose and I'm pretty bruised up. But it's worth it to know we stood up to them."

The brawl was sparked by racial slurs from one of Rivera's guests, 30-year-old John Metzger, leader of a white racist group called the White Aryan Resistance Youth.

On stage with Metzger were representatives from two other white racist youth groups, along with a rabbi and black civil rights activist Roy Innis — and the audience was packed with "skinheads," young white toughs who shave their heads.

"Basically you had a bunch of punk Nazis who were waiting in the audience for any kind of signal from Metzger and his two cronies," said Rivera, an ex-amateur boxer.

Metzger called an audience member a "kike" and said to Innis, "I get sick and tired of seeing Uncle Tom here trying to be white."

Innis walked over to Metzger and

W.A.R.'S SIDE OF THE STORY

Jerry Rivers, alias Geraldo Rivera and son of Lily Friedman, has indeed made it to the top of the heap. However, that heap reminds one of a raunchy heap in a landfill, rather than the top of the TV talk show circuit.

Jerry Rivers is a few and sports a Star of David, or the Witches Foot, tattooed on his hand.

Tom Metzger debated Jerry and his cohort attorney William Kunstler about a year ago while Larry King was absent from his show.

Senior Metzger took them

put his hands around his neck — and at this point skinheads from the audience came rushing onstage and attacked.

"My first thought was, 'I can't let these mindless thugs hurt anybody.' But suddenly one of Metzger's bodyguards — a big guy in a plaid shirt — threw a chair through the air and hit me in the bridge of the nose. Searing pain shot through me as I felt the bone in my nose cave in."

"Everything went black for an instant as I fell to the floor. I was woozy. But then rage surged through me and I thought, 'These punks are ruining my show and I'm not going to let that happen. Now's the time to fight these Nazi hoodlums!'"

"I started to get off the floor but Metzger's bodyguard, all 200-pounds-plus of him, suddenly was on top of me. I managed to fight my way to my feet and we began to rain blows on each other."

"We toppled off the stage onto the floor, then we got up and wrestled with each other until we slipped to the floor again. Suddenly someone jumped on top of us, smashing my face into the ground. Then we were up yet again, trading blows."

"I got him in a headlock with my right arm and landed two or three crunching blows with my left, but he was so big he just picked me up and threw me."

"After a few minutes our security people and New York City police managed to gain control of the situation and things calmed down."

"I was battered and my nose was broken, but I went on and taped two other shows that afternoon. Then I rushed to the doctor and underwent several hours of painful surgery on my nose."

"But I'm not sorry about what happened. These vicious hate-mongers really disgust me. They spread hate and promote a lie designed to divide this country."

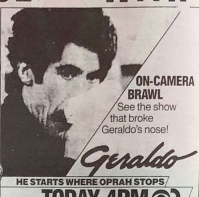

"And it's important that young people in this country recognize them for what they really are — violent thugs."

John Metzger told "They started the fight, but we finished it. And Geraldo's got a broken nose to prove it."

But Rivera said: "I took my lumps, yet I gave our viewers a glimpse of the kind of America these punks want — an America ruled by hate and violence."

"And that's why I won this fight!"

both apart making Jerry Rivers look like a fool on at least two occasions during the show.

Perhaps that is why Jerry was lying in wait for John Metzger when he appeared on the Geraldo show.

Jerry seemed to have received what he wanted from the show, high ratings and mucho bread. He also got a rather large bill for reconstructing his bulbous nose.

W.A.R. Youth under the leadership of John Metzger and the other participants, Bob Heick of American Front, and Mike Palasch of National White Resistance, got much more than they asked for. Thousands of inquiries and millions of viewers now recognize a White separatist movement exists.

What started out as a set-up backfired in favor of the White separatists for a change.

RICH MAN'S WAR

One by one they send us off to fight the rich man's war
The greatest nation in the world can't even feed its poor
They buy things that we can't have and we're picking up the tab
The rich will watch us fight the wars, while they sit back and laugh

Here we go again, it's the same old song
Our country sticks its nose where it doesn't belong
And when the shit goes down we still act surprised
When we gonna learn to ignore the lies

We've got problems of our own, like crime and poverty
But the ones who fight the wars are the kids like you and me

ARYAN YOUTH MOVEMENT IS NOW WHITE ARYAN RESISTANCE YOUTH!

WHITE ARYAN RESISTANCE YOUTH, formerly known as ARYAN YOUTH MOVEMENT, has now become the youth section of WHITE ARYAN RESISTANCE. W.A.R. Youth has combined its financial, physical and leadership abilities to aid the most active, aggressive, and positive group in the history of White racialism: White Aryan Resistance, directed by Tom Metzger.

W.A.R. Youth is not a reactionary, right-wing organization. We are a White-wing, aggressive, pro-nature, pro-White association. We believe in educating White Americans towards our long struggle to change the degeneracy of the late 20th century.

We are Third Positionists, which believes it does not matter what religious or economic background you come from, as long as Race is the number one factor and motive.

We believe in the total dismantlement of Monopoly Capitalism and Marxist Communism. Most "isms" have hurt White people immensely, and we will not tolerate any of these systems.

We have respect for our natural environment and we stress the importance of preserving our forests and clean air.

Drugs, Abortion, Crime, uncontrolled egos, and Reactionaries are not welcome in our association.

We believe in fighting for an area which will encompass racially conscious White people, with a racially conscious Government that protects and properly serves the White nation.

Our fight now is on two fronts. One is with the U.S. Washington regime, (which does not properly represent us and often implements programs that hurt White people) and we are fighting a Civil War among our own people, many who feel that there should be more concern over personal gains (money) than racial gains (culture).

We are interested in people who will work in many different ways. If you fit our description, drop us a line at:

HAIL THE THIRD POSITION - THE OFFICIAL IDEOLOGY OF WHITE ARYAN RESISTANCE

Let's trash the old ways

W.A.R. is the genesis of the Third Position. Many do not yet understand the Third Position. Third Position is not right wing nor conservative for that matter. W.A.R. is not interested in failed right wing policies such as support for an armaments race that pauperizes our people. W.A.R. does not support economic wars of intervention where young Whites are slaughtered to save corporate thieves. Remember warfare is a racket.

Third Position also condemns the leaders of the Marxist left where Whites have been misled on the race issue. While recognizing that some elements of thoughts of the left and the right may be salvaged, for the most part these two dinosaurs serve the same master.

Third position recognizes that the term "Communism" is a straw man and in reality the Soviet system is just another form of State Capitalism.

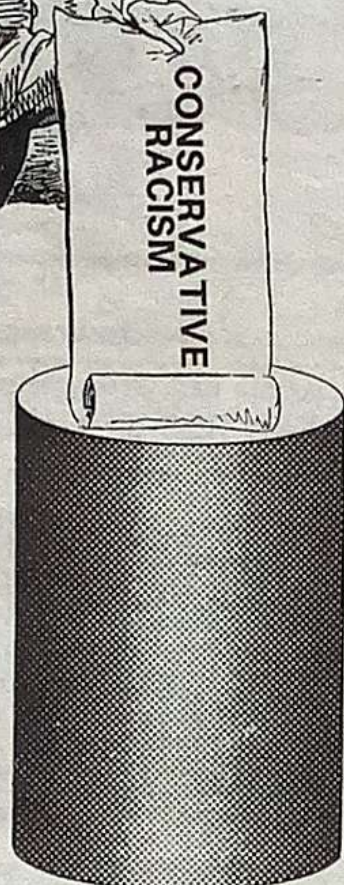

Third position is not a theology, unless you accept your White racial views as a form of religion. In short W.A.R., or Third Position, is a way of life and does not cater to priest craft or organized religion of any stripe. Atheists, Agnostics, as well as racial Christians are welcome as long as their personal theological belief takes second position to White racial survival. Ministers, priests, or pastors are simply individuals in W.A.R., no more, no less.

Third Position is free to adopt and evolve the thoughts of many thinkers of the past and present, but we are not bound by failures in history.

All figures of the past are just that and are not deified or made into cults by Third Position.

W.A.R. is not interested in refighting wars of the past, wasting precious time trying to rehabilitate systems of the past that have led to racial failure and massive death.

There has never been a

view such as ours and anyone who attempts to subvert us into old cul-de-sacs should stay with the motheaten, conservative right, or the Trojan horse Marxist left.

For many there is a pre-occupation with semites, Blacks, Hispanics, or Asians. Indeed, many of these people are co-conspirators against Third Position. However, our main problem cannot be explained away so easily, for that too is a well laid trap.

Whether you be a White North American, European, Russian, South African, etc., your main struggle is a vertical struggle, within your own race. It is a struggle between two basic positions. One, that race is a very important factor or two, race means nothing in the development of man.

Today all White people are the prisoners of those whose premise is economic determinism. Our slave masters believe, or pretend to believe, that the answer to all problems is simply a change in economic ideology. This is the Golden Calf and will not be tolerated by Third Position.

Our racial world view is totally different than anything that has existed before. In the past the racial view has always been distorted by economics or religion. W.A.R. will not tolerate such treason now!

Those that feel to strongly for a narrow economic or religious view be advised to return to your crumbling positions of the past and leave W.A.R. and Third Position to move toward a new day and a new future. All W.A.R.

associates are advised to heed this ideological message and pass it on.

LETTERS

Dear John,

I'm a White Aryan, middle class housewife from Texas. I just saw you on the Geraldo show. I can't recall ever being as proud of being White as to see you and your proteges stand up against that damn nigger.

When I was 15 I was raped by a nigger and it makes me feel good to know there are a few good men left in the world.

We need an organization like yours here. I've got a 5 year old son that I don't want to be exposed to these animals.

Maybe with a little more exposure in the media, your organization will grow.

Keep up the good work!

L.S.

SKINS SAY NO!

I am a Skinhead from Tulsa, Oklahoma. I haven't been in the movement very long, But I have been in it long enough to know what's beneficial for it and what is not. One of the things I am talking about is drugs. I have met lots of people in my time that are drug users. I, myself, at one time was a drug user. But with the help of friends and the fact that there is really no place in the movement for drugs, I overcame my addiction.

The thing that really hurts me the most is there are people in the movement that use drugs and they don't realize that being involved in the movement, whether as supporter or as an organizer, someday those drugs are going to get them in a lot of trouble. The reason I say this is, what if a race war suddenly broke out and you're in your house stoned out of your mind? Chances are your senses wouldn't act as quickly as if you were not on drugs and you would probably end up dead. Another point is, look where a lot of money goes that's spent on drugs such as marijuana and cocaine. It goes to Third World countries.

Or what if you were arrested for possession of drugs and the police know you're associated with an organization. It's going to be on the news and in the paper and the people who don't know what we're all about are going to think we a bunch of drug addicts.

These are only a few things that made me realize that drugs are no good. But the list does go on.

The people I know that do drugs know how I feel and some of these people agree with me, but they are so wrapped up in it,

they cannot stop. Hopefully someday these people, my White brothers and sisters, will wake up and realize it is hurting them. If you know someone who is White and has a drug or alcohol problem, you should try to help them. I know that I will be thankful for the ones that helped me for the rest of my life.

Dear Tom,

Your paper "WAR" is really leading the way. You are producing the kind of publication others have only dreamed about.

To hell with knee jerks and those conservatives that, in their blockish ignorance, want to preserve this Jew system.

Out with the old - in with the new!

Yours in the struggle,

Louis Beam

I'm writing to thank you for the information you sent me on WAR's current activities.

I enjoyed your guest spokesman for C.E.D.A.D.E. Pedro Garcia. So far he's the only guest on your show who had addressed the problem of Indian/Mexican expansion in America. Many White Americans seem to regard the Indian as being White, but anyone who actually has seen a full blooded Indian knows differently.

By all means, have him as a guest on "Race and Reason" again. I also enjoyed Carl Straight and would like to see him as a guest again.

I also want you to know that I am in total agreement with you regarding "Affirmative Action". It is nothing more than government sanctioned reverse discrimination, and its got to go! I've had it up to here with Blacks in this country. In my opinion, the only sound solution is to start exporting Blacks back to Africa. Thank God someone is finally willing to stand up for White Americans; sometimes I feel our race is becoming the minority. I believe our government is almost entirely in the hands of Liberals, Blacks and sexual degenerates, and the most frustrating thing is that we are almost powerless to remove them from office. If things continue the way they are going now, I feel that Civil War will break out. Perhaps then we can end this twisted reign by Blacks and Jews in this country.

I share your opinion of New York City; just last year I visited New York and found it to be almost entirely owned by, run by, and made up of Jews for

Jews. And as for the Black ghettos in New York, I feel that's typical.

In closing this letter, let me wish you the best of luck in your up coming court battle. I am quite confident you will win.

Dear Tom Metzger,

I just saw someone who looks a lot like your son John punch out Roy Innes on the Geraldo Show on the NBC Evening News. Tom Brokaw identified him only as "a hateronger," but I thought I recognized the face. If I was right, please give my warmest congratulations to your son.

Sincerely,
William Pierce

Tom,

You all looked good swinging on the Geraldo Show. The only way to appear to our foes is as deadly foes - not objects of scorn or ridicule. You are to be congratulated on showing the teeth of real tigers - not paper ones.

Our admiration and respect to your son John! And to the entire family.

Bob Miles

Tom,

Just saw the Geraldo show with John. I really enjoyed seeing that holier-than-thou "kike" get his nose broken.

Give John my congratulations. He did a very commendable job. All three handled themselves well in a difficult situation. Wish I was there!

IF WE HAD A GOVERNMENT THAT REPRESENTED THE WILL OF THE MAJORITY OF THE AMERICAN PEOPLE, WE WOULD NOT HAVE:

- 1-- A narcotics problem.
- 2-- A race problem.
- 3-- Degeneracy in the entertainment industry.
- 4-- A general election limited to one basic party: SOCIAL CAPITALIST POLITICAL PARTY (subdivided into two or more political social clubs: Democratic, Republican, etc.)
- 5-- Minority control of the nation's propaganda through which government administrators are also controlled.
- 6-- An increasing national debt that can only be stalled by hyper inflation due to an illogical economic system.

YONKERS

By
Wyatt Kaldenberg

For decades, Yonkers, New York was a friendly city with family oriented neighborhoods and a picturesque, non-polluting electric trolley which would take a fare as far as Mount Vernon to the east or Manhattan Island to the west for one Liberty dime. Yonkers was once 98% Aryan (mostly hard working Italian, Polish, Slovak, and Russian immigrants who came to America, not in search of welfare, affirmative action programs, or other hand-outs, but to be active members of a growing nation. Yonkers, was once a clean, safe town to raise your kids in. Even as recently as the late '60s, a White mother could take her children to downtown Yonkers to do their Christmas shopping without fear of being raped, murdered or affronted by "crack" dealers.

But the clean, White Yonkers of yesteryear, like so many other beautiful American cities, has been murdered by the Jews and rich White Race traitors who make up the International Ruling Elite.

Yonkers, like most American cities, is a combat zone with enemy troops (the Third World invaders) maintaining their base camp in the heart of the city while pushing into the poorly defended surrounding White working class and lower White middle class areas.

Yonkers is a text book example of how the Evil Empire plans to destroy all healthy White communities and replace them with non-White cesspools of cheap slave labor.

Since World War II, the United State government has been subsidizing non-Whites to move into the downtown section of Yonkers to set up their military stronghold (the Jews call this act of war Integration). The United States government, not the

Soviet Union or Red China, deliberately concentrated free, public housing in downtown Yonkers so the Third World newcomers, fresh off the boats, could establish a slave colony right in the heart of the city. The government cleverly picked the old downtown section because they knew that people would be less concerned with losing the older, run-down district (which is exactly why the government allowed downtown Yonkers to become run-down in the first place).

Now phase two of the government's plan to kill White Yonkers is beginning. Since the Whites so timidly accepted the forced integration of old downtown and have insanely accepted these union-busting invaders as citizens of Yonkers, the government is moving these new citizens into other, Whiter parts of Yonkers.

The great question of Yonkers is, who is behind the killing of this White Community and why are they so determined to destroy this once attractive city?

Wealthy, Liberal, Jewish Judge Leonard Sand, who lives in an exclusive suburban area where non-White scabs are only welcomed in the roles of domestic services and grounds keepers and where White Working people aren't welcome at all, is being used as the system's hatchet man.

Now all of you clowns who worked hard for the Bush/Chicken ticket hear this: the Justice Department, which was hand picked by Ronnie "The Great White Dope" Ray-Gun and filled with good old right wing circle jerks, wrote a memo to Judge Sand ordering the destruction of Yonkers. Of course, the Jew-boy Judge didn't protest this order. Isn't it interesting that a Liberal Jew Judge and a Conservative, goyim President both agree on the importance of killing a White Working Class Community?

There's more to the Yonkers' story than just one lone kike Judge trying to force his will on a city.

The Yonkers' case has a long cast of villains who have exposed themselves and, obviously, an even longer list of creeps which we may never be able to identify.

Here is a partial list of some of the other players:

National Association for the Advancement of Jungle People's attorney, Michael Sussman, who happens to be Jewish and the president of the Yonkers' branch of the N.A.A.J.P.; Bertram Wallace, who happens to be a sephardic Jew, behest the reactionary

Reagan administration to pressure Judge Sand to desegregate Yonkers.

Howard Weiss, head of the Fair Housing Council of Yonkers, Rabbi David Rudan, chairman of the Rabbinic Committee of Yonkers, and Don Zirkel, propaganda minister of the N.Y. State Division of Human Rights, all three who just happen to be Jewish, helped Judge Sand pressure Yonkers' City Council into accepting non-White public housing in the previously all White Working class areas of Yonkers.

Laurie Recht, who was active in many anti-White and pro-Lesbian causes during the 60's, is a self-proclaimed community leader (how typically Jewish!) of Yonkers who, even though she is a party of one, is the "true" conscience of the caring citizens of Yonkers, who are too afraid to stand up against racial bigotry and need a Jewess to speak for them.

The Yonkers' City Council talked about fighting off the alien invasion, but when the hour of truth arrived, they folded like wet bread.

The local industry, instead of paying White people in Yonkers a decent wage, moved their factories either to the non-union Third World or to Southern states with their largely non-union black workers in order to gain even greater profits and leaving a vacancy in downtown Yonkers where the government could build public housing.

The labor unions took dues from White working people, but did nothing to either stop the factories from moving into areas where non-union mud creatures lived, nor to stop the mud invasion from bringing cheap labor sources into the city.

The greatest villains in the Yonkers' story are the gutless White sheep herd who don't have the balls to stand up and fight for their own survival; parents who are too yellow to fight for their children's future, parents who betray their children are the ultimate race traitors!

Now that we have named some of the villains in the Yonkers' affair, we should look into why they want to kill White working class and lower middle class areas.

The Jews' reason is very obvious: the White race is in the way of Jewish World Domination. We are the Jews greatest competition. If the Jews can wipe us out, then they get the whole ball of wax. The Jews also know that White working people are the backbone of the Aryan Race and that White Elitists are just worthless hedonistic parasites who couldn't survive without exploiting working people.

The White Elitists wish to destroy the White

Federal Judge Leonard Sand, who ordered Yonkers to desegregate housing and schools.

working class community because they falsely believe that they have "earned" their wealth and power and they don't need the White working class. They see White workers as obsolete because they expect "too" high of a standard of living, and they wish to replace us with a cheap source of non-White labor.

The unions wish to destroy the White workers because all of the union leaders are either Jew Marxist scum, elitist liberals who see the White workers through the same eyes as the Conservative Capitalists, but who hide behind a more humane lie, or gangsters who are simply rich elitists who break their own laws.

The most telling lesson of the Yonkers' case is how the so called Left and Right are united in their struggle to destroy the White workers. Both the right wing Capitalists of the Republican Party and the Communist Party, USA are working overtime to flood the Yonkers' labor market with non-union darkies. A "Skrewdriver" song states that the Capitalists and the Communists co-exist. I would take this idea one step further by saying that the Communists are company thugs hired by the rich to smash the White Working Class.

Not only is the CPUSA "running guns" for the rich man in Yonkers, but so is the Socialist Workers Party, a slimy, Moonie-like Jewish Marxist group, which is currently working with the anti-union Swift Packaging Company by helping Swift keep its illegal Mexican workers. The spics are clearly brought in by Swift as a cheap source of labor and in order to break the predominantly White butchers union by wrecking their bargaining power, because with all the spics willing to work for peanuts, strikes and walkouts are a joke.

The American Communists claim to be the working

man's friend, and pro-union, so why are they fighting to bring non-White scabs into the Swift slaughterhouse? Why are the Communists working hand in hand with reactionaries to destroy White Working areas in Yonkers?

Could it have anything to do with the fact that Wall Street financed the Bolshevik Revolution? Are

The Death Of A White Neighborhood

Communists trying to pay back their debt to the Capitalists by smashing the "greedy" White working class? Only Armand Hammer knows for sure.

The White Aryan Resistance is aware that the Left wing and the Right wing are two limbs of the same serpent. W.A.R. takes a Third Position which goes beyond the system's play pen game of Left and Right. We're not playing by their rules!

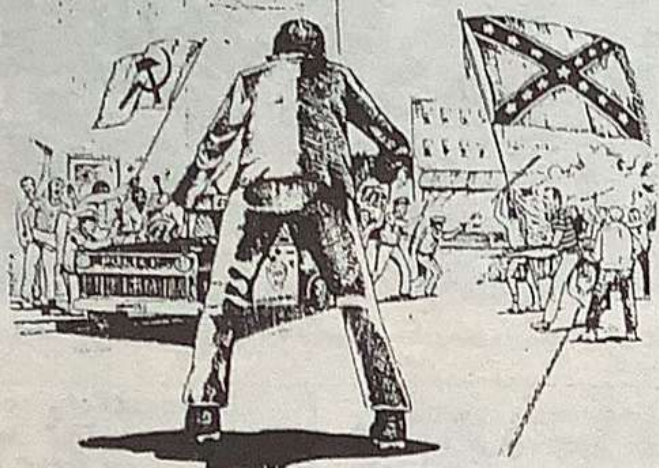

If we wish to stop this alien invasion, we must attract young idealists to our movement, not with stale, old cliches that the system has approved, but with a new approach, that will capture the imagination of a new generation. If the Race Movement as a whole fails to follow W.A.R.'s lead, if the race movement fails to breathe fresh air into the movement, then the fate of Yonkers will be the fate of North America.

A CANDIDATE FOR THE ORDER

The Man in the Middle Caught Between Two Warring Forces in an America Afflame with Racial Apocalypse

Author: Michael A. Hoffman II

Reviewed by: Frank Silva, Prisoner of War

The cover illustration describes this book perfectly: the lone man, caught in the middle between two chaotic forces representing actions and ideas that he would rather choose to be involved with purely on his own grounds.

The cover reeks of symbology; and so does the content itself. The main character, John Schmidt, is poised between two paths of resistance: the "Hammer and Sickle" and the "Confederate Battle Flag". The combatants consist of minority street thugs and debased law enforcement - on the other hand are White working people and their supporters. The comparisons are quite obvious as is the text.

It is for this reason, its obvious nature, that this book appeals to me. No one who reads this book will fail to grasp its many avenues of thought and directions. Although fictitious, Mr. Hoffman brings alive the strife of the inner-city dweller, as well as the struggle of our middle class citizen normally known only to those of us that keep abreast of these things through our mainline publications.

The story of John Schmidt could be ours:

John Schmidt: father, husband, and college professor, has been terminated for "views" contrary to "public opinion" and has been forced, along with his family, into the lower scale of working class America, (which has now come to be known as the "peoples' country" which defines their loyalty by how demonstrative their feelings are on "equality", brotherhood, and civil-rights).

Intelligent and well-educated, J.S. takes his knowledge of Western culture virtues with him into the city, providing

ammunition for his final battle. His introduction to the bizarre bureaucracy of the "peoples' country" is fulfilled when his two sons, Wolfgang and Thor, are accosted by street thugs led by a renegade White, which puts J.S. in the position of defending his sons or accepting the fate he deserved, as a man who is an outsider and separatist. Mr. S. of course, opts for the manly act of courage and defends his sons: the weight of this new world is now on him.

J.S. is arrested by the police under the newly established "Hate Crimes Bill" with the accompanying headlines all resisters receive: "Racial strife leads to beatings." From here on out J.S. meets people like Ms. Rubinstein, social worker, and we the reader encounter dialogue that is as spontaneous as it is provoking. J.S. is then introduced to that typical "reporter" that assures him that he wants to help him and his family out of this embarrassing situation. Against his better nature J.S. allows himself to be used by this reporter, who eventually betrays him and his family by setting up a situation that leads to the arrest of the whole family, and the confiscation of his children.

Interjected at this point is Brent Bane, a high-school pal of J.S.'s, taught by the same "teacher" that extolled to both of them, as well as others, the virtues of Classical History, hard work, patriotism, and had prompted these young people to acquire certain skills that would someday be needed.

Brent Bane had chosen to learn warfare and its related skills - he is the Commander of the ORDER, a secret band of patriots that had appropriately recognized the need for organized resistance to a system that they were now quite obviously dispossessed

of - by systematic alienation rather than by choice.

J.S. wants NO part of what he considers a radical-extremist group bent on suicide. But, for J.S. circumstances force a decision - a decision that right or wrong he must now live with.

The first part of this book is slow; dialogue that is somewhat belabored tends to frustrate a reader who is unfamiliar with its general content, it is, however, necessary to the plot. However, the second part rewards the reader with action of the kind that is rarely seen in conservative periodicals. This latter half, Mr. Hoffman has taken from, among others, events encountered by members of the Bruder Schweigen or, as called by the media, the ORDER.

All in all this novel deals with pertinent issues of our day in an exemplary fashion and is suggested reading for those who are newly acquainted with Majority activism and for those that are not new - but would learn to - read between the lines.

STRENGTHENS BEACHHEAD by Tom Metzger

The much applauded Pacific Rim Initiative simply heralds the conspiracy between U.S. fatcats and Asia. Millions of low paid workers make the ruling degenerates drool at the expense of our race, both in North America and Europe.

Great men such as Dennis Kearney fought hard to raise the barriers to the yellow peril and now those barriers have been lowered in the search for profits.

Big plans are now on the boards to turn San Francisco, California into a new Hong Kong as 1997 approaches, with Hong Kong reverting to Red Chinese control.

Wealthy Chinese cartels already working in California are busy buttering up the present mayor of San Francisco Art Agnos. Ultimately the mayor will be manipulated by the Chinese in their wheeling and dealing schemes.

Dragon Lady behind it all (for better insights into the Chinese mind read, "What we weren't told about Formosa"). The Chinese have begun their bleeding of America.

Britain, like the U.S., fell into the Capitalist trap of fratricidal World Wars I and II. Fifty-five million people died in WWII alone, mostly White workers of the U.S., Britain, Europe and Russia.

The same racketeers that brought you WW I and II then cried about a lack of labor to start the cycle all over again. Shiploads of Negroes were brought to Britain as citizens in 1948 thus setting the stage for the final destruction of a proud nation. In 1948 the Nationality Act gave citizenship to every hottentot in the already collapsing empire.

Similarly, during WW I and II Negro tenant farmers were moved North and West to take up jobs as White Americans were being sent to a fratricidal war. The same super Capitalists who create conditions for war, then use Third Worlders and non-Whites as scabs to further racially mix a White nation.

At present, in the fallen empire of Britain, massive

numbers of poor, out of work White youth take their frustrations to the street and the soccer field. As usual the same fat cat system that flooded Britain with non-Whites now cries about soccer thugs.

The system lies and deserves to be trashed.

The race-mixing government policies of Britain are in a neck and neck race with the Jew S. of A. Considering its square mile area, Britain is far ahead in its policy of racial suicide.

Britain's only racial salvation would be the deposing of the Royal Family (who are racially questionable) and the physical trashing of both the Tories and Liberals. Dig up the bones of that drunken old bastard, Churchill, and burn them at Trafalgar Square.

ENEMIES

If a creature has the shape of a man but is not an Aryan then he is an enemy, never doubt it, for in all things he is competing with you whether he is even aware of it or not. You will meet individuals who are hue mans, who you will think are "nice" or "smart" or whatever, but do not be confused by the individuals. You must consider the river as a whole and not the individual droplets of water, if you are to avoid destruction.

White Aryan Resistance in Fullerton Area

Their racist, anti-semitic literature found posted in shopping center parking lot in Yorba Linda

If one is interested in understanding the motivation of Caucasian South Africans who have been clinging so desperately to their racially separatist system, Apartheid, one has no further to go than Placentia to find America's own white separatists, the White Aryan Resistance (WAR).

According to their area coordinator, Eric Thompson, the White Aryan Resistance is an umbrella group for many like-minded groups, such as the National Socialist Party, Identity Christians, Klu Klux Klan, etc.

Although Thompson would not tell the Observer how many supporters he had in this area, he did boast that, "we have as many as we would need to control this area."

Like the South African minority, the WAR is firmly committed to separation of the races, in order that each may preserve its own racial/cultural purity from being "degenerated" by "race-mixing".

But Thompson repeatedly identified the common enemy as the white traitors who do not have sufficient pride in their cultural heritage to fight to keep it pure.

These included corporations which keep exporting the jobs of white working class Americans by moving their plants to Red China or other third-world countries where they can find ample supplies of cheap labor; and Jews, who run lots of things (especially the TV Networks) and who are the enemies of blacks and other races, according to Thompson.

Although he denied that WAR was a hate group, the stickers which they make and distribute (see replica on this page, which was found stuck to lamp posts in the Thrifty

Drug Store parking lot in Yorba Linda), are ugly and filled with hatefulness.

Eric admitted that these were very popular with some of the "skin-heads".

WAR's North Orange County coordinator seemed convinced that the deterioration of poor ethnic minority neighborhoods to which he referred was due to their lack of pride and not their economic status.

"White Aryan Resistance supports the self-determination of other races and cultures. The interference and meddling in the affairs of other races and nations is not in the best interest of the White race," reads a WAR pamphlet which Eric sent to the Observer.

Asked how WAR planned to accomplish its separatist goals, Thompson said that it could happen in two ways: 1) through negotiations between the different racial groups, or 2) through a winner-take-all war.

Asked how he expected to win such a war, in view of the obvious minority status of such a viewpoint throughout the U.S. and the world; Thompson said, "Our loyalty will give us an advantage."

He went on to say, "We are willing to die for future generations of white children. We feel obligated to nature to keep our racial/cultural strain pure and uncontaminated."

According to their pamphlet, "White Aryan Resistance feels no obligation to send thousands of white military personnel to distant lands to get killed for the purpose of enforcing the corporations' greedy desires for cheap labor and economic feudalism, which has caused all these wars that whites have fought and died in."

Eric is no outsider to Orange County; he has lived here all his life. He is 27, and has told us that he has 2 brothers and 1 sister, who although they are not "on the front lines with him, do agree that race-mixing is bad."

He graduated from El Dorado High School and reported that he has also earned BS and MA degrees from UCI in Political Science and Psychology.

Thompson described his current occupations as part time IBM computer salesperson and part time for a security outfit.

How did he come to these extreme views? When other

kids were watching cartoons on TV, Eric was watching the News. Over the years, he has been noticing how the country is degenerating and becoming more permissive, as in the language tolerated on TV and in the movies.

role models to follow. Drugs are in wide distribution, with sales in our schools and streets.

This problem is totally out of control. The police are defenseless in stopping the drug trade in this country. Who would have thought that crime would run wildly in our once fair cities, and Black gangs would run wild in our streets. Our streets used to be safe, a place where a woman could take a walk after dark without fear of being attacked and raped. Now our streets are full of graffiti, drugs are sold on every corner, Whites are attacked regularly and robbed by gangs of non-Whites, and prostitution is offered to all willing to pay the price for an interlude of filth.

Can you imagine the humiliation, and public ridicule you would have received back then if you had gone walking around town arm in arm with a Negro? There used to be laws in this land forbidding inter-racial marriage. I wonder what ever happened to those laws? People then knew that Race-mixing was wrong, and didn't do it. Now today, inter-racial marriage, and inter-racial dating (Race-mixing) have become popular in the hearts of the most degenerate people. Race-mixing has been deemed an acceptable facet of

American society, like controlled media has created many television shows to cleverly promote these sick ideals in the hearts of good men and women. Who would have thought that our children would be taught the raunchiest filth in our public schools? Our

precious sons and daughters are being taught Marxism in their math classes. Social studies are teaching our children to take partners of other races. They are experiencing Black history weeks, and so called cultural exchanges. They are taught everything but the truth about American history. World events, and history are grossly exaggerated, and commonly lied about. If our children were told the truth for once, this country wouldn't have turned into the slime pit it is now. All of you White men of this nation that stood by and did

nothing while all these degenerate things were going on, deserve the cruelest wrath that could be put upon you. White men today need to have love in their hearts for their race, and the fire in their minds that the Order has. The men of the Order are perhaps the most valiant warriors that the White race has seen since the days of the founding fathers. It's time to raise the flag, and the cause of the Order, and let the flames of fury burn everything in its path. The Order should serve as a tremendous monument, to the honor, bravery, and determination that all White men and women should aspire to. They weren't willing to sit around and do nothing about our present situation. The time to act is today, because tomorrow is going to be too late.

Hail, the Order!

WE'VE HAD ENOUGH OF THIS MESS

By: Brad Robarge

Have you ever wondered what happened to this great country that was once ours? This was a nation that cared about its people dearly. A nation where men acted like men, boys looked like boys, and women were highly respected for the tremendous strength they brought to the family unit. A place where the moral character of the people was reflected in the style of dress, the way they lived, in the way the neighborhoods were kept up, and a harmonious atmosphere that everyone enjoyed living in. A country where White men were not ashamed to speak their minds, and defend what was rightfully theirs. I've asked myself many times what ever happened to the pride that White men and women possessed for their race and culture. Forty years

ago what America has come to represent today would have been unthinkable in the minds of White Americans then. People would have laughed in your face if you told them that flaming homosexuals were going to have gay pride days, and march in our streets. Well today, gay pride marches have become common place in every major city in the U.S. Now the queers have not only given the public a degenerate and sickening lifestyle to emulate, they also have given us their own disease, AIDS. AIDS is nature's revenge for violating its' laws. Years ago if you said to your neighbor that almost every child by the age of 15 would have tried drugs, you would have been called a lunatic. A survey done a couple of years ago stated that most kids by the age of 15 had tried drugs, or are currently users. The break down of the tightly woven family is a major contributing factor, as well as the absence of good

W.A.R.'S CURRENT AFFAIRS

by: John Jewell

These are insane times. But the writing is blood on the wall. Take for instance this example of JEW-BOOZE POWER:

Edgar Bronfman, chief of the World Jewish Congress, was in Moscow for a surrender of the Gorbachev forces. The Montreal (Canada) based Jew is the czar of the Seagram's liquor empire (and the Soviets do understand the power of booze). Given a lavish V.I.P. treatment, Bronfman announced that: (1) Soviet Jews would be allowed to join the World Jewish Congress, (2) WJC would open a Jew cultural center in Moscow, followed by other cities, with hebraic and holocaust displays, (3) an exchange program of rabbis, (4) the right to teach Hebrew (up to now outlawed), and (5) the right to import Hebrew "religious" articles. Soviet immigration was also discussed. This follows an Israeli consular visit to discuss restoration of diplomatic relations (broken by the USSR in 1967) and mass-immigration of Soviet Jews to the Occupied West Bank in Palestine.

Remember this: when the "National Bolsheviks" in Russia were smashing the "Zhids", all the rotten little rightwingers in the West were screaming that the USSR was still Jew-controlled. Now that they've helped Reagan and the Zionists get the "Khazars" back in power, all these scumbag rightwingers smile smugly, saying, "I told you so, the Jews are in control".

IRON WHORE

British PM Thatcher was in Warsaw to tell the Polish PM that "planned economies" are doomed, and if Poland wants Western aid, they must surrender to the NYC and London bankers. Maggie then met with Lec Walesa and his Jewish aides to support the "popemobile" Solidarity union. Thatcher is the Tory-hatchet who destroyed the unions in Britain. (Remember when Reagan was screaming about the Polish Reds smashing Solidarity with Army troops? At the same time, Reagan outlawed the U.S. air controllers union, jailed their leaders, and occupied U.S. airports with military personnel).

Meanwhile, the President of Slovenia, the rich northern republic within the impoverished, self-destructing federation of communist Yugoslavia, was in Washington to meet U.S. Secretary of State Schultz. The former Tito red-partisan said that "free

enterprise" must be restored in Yugoslavia, and the Communist League step-down from power. Otherwise, no more banker aid from the West to prop-up the Balkans. Fearing the same kind of breakdown, the USSR is doing away with its own federation of separate republics for racial and cultural groups, to instead form a U.S. style centralized market-economy and melting pot ruled by "guess who"?

LIKE IKE THE KIKE

Zbigniew Brzezinski, Polish-born national security adviser to Jimmy Carter's presidency, announced that the Bush administration will be like the Eisenhower White House of the 50's: soft on the outside, but firm within. Bush will listen to good advisers, just like "Ike". (Note: U.S. President Eisenhower: Dwight "David" Isenhour, nicknamed "Ike" - to quote President Harry "Solomon" Truman).

But Brzezinski said that Bush will need a proper world strategist. (Like Dulles for Ike; or German-Jew Kissinger for Nixon-Ford; or "Zbig" himself for Carter...hint, hint!).

Zbig also said that a pre-revolutionary condition exists in communist Poland, Czechoslovakia, Rumania, Hungary, and Yugoslavia. More trouble for the already cracking Kremlin (with Balts waving flags, Turks killing Armenians, and the Paki-wogs funneling rockets from the U.S. into the Afghan rebels. The Arabs know about the Jew sell-out. What if Serbia and Albania go to war over Kosovo? And how do you put bread and meat on Soviet tables while still paying foreign loans and playing star-wars?).

However, Zbig also warned that the U.S. has serious too, with the "growing support for Marxist-Leninists" in Nicaragua, Panama, El Salvador, and Mexico. (I thought communism was "dead"?). Zbig didn't say anything about the debt-cracked U.S. economy, no more play-money for star-wars, or that White workers and ex-farmers are on the streets, unemployed with Blacks and competing with hordes of Hispanics and Asians.

DOPE DEALER

Bush was formerly CIA chief, then as V.P. headed the National Security Council, whose macho-man Ollie North sold guns to Iran and Contra narcotics to

fund the overthrow of the Sandanistas in Nicaragua. (When Reagan and Bush then tried to oust the U.S.-trained dictator of Panama, it was because he was a horrible "dope dealer"!).

Meanwhile, muckraker Jack Anderson has shown that Howard Hunt was a team-chief for the "grassy knoll gunman" who shot JFK, on behalf of the U.S./Cuban mob - and covered-up by the FBI, Secret Service, CIA, Warren Commission, Congress, LBJ: you name it! As before, Anderson alleges that Castro got the ball-rolling, in revenge for mob rub-out attempts ordered by JFK on Fidel.

JFK's dad made the family money running whiskey from Canada for the mob during Prohibition. The Jew-Lansky mob swung the Democratic Presidential nomination over to Roosevelt in Chicago of 1932. (Like cousin "Teddy", FDR was a crypto-Jew: the Dutch-Jew "Rosenvelt" family). For swinging Irish-Catholic votes from Smith to FDR, and other favors, Joe Kennedy got made ambassador to Britain (a deliberate Jew-snob to the toffee-nosed Brits, sending a sweaty Irish laborer). But when Joe opposed the war on Hitler, the Jews bounced him fast. The mob was also in trouble, when they switched from booze to narcotics. But when FDR wandered into Nazi Europe via Sicily and Italy, the mobster Jew-Lansky set it up with Italian-mobster Luck Luciano that the U.S. got Mafia protection in Sicily and Naples. (U.S. vehicles flew flags with Mafia symbols).

Joe Kennedy was politically dead, but his money bought Congressional seats for his sons. JFK was originally on Joe McCarthy's anti-red committee, along with Jew aides David Schine and Roy "AIDS" Cohn. Meanwhile a lot of things had happened "on the way to the forum". FDR had croaked at war's end, and his administration was purged of "useful idiot" commies. (McCarthy was swinging at left-over tools and losers; the Jews had already jumped ship). Truman set-up the CIA and State of Israel in 1947; the unions were purged, and in 1950 the Korean War was instigated and a National Security dictatorship established over the U.S.).

In 1960, a combo of the Daley Irish-machine and the Italian-mob in Chicago bought the presidency for fresh-face JFK. (The Cook County vote-fraud). JFK screwed-up the CIA "Bay of Pigs" invasion of Cuba; trying for a comeback, JFK used the Mob to send gunmen to assassinate Castro; that flopped and Fidel sent the scumbags back to the U.S. to raise hell, along with pissed-off

"gusano" Cuban-exiles. When JFK's brother, the ruffin Attorney General, started messing with the Mob, a contract was put out on the President. The FBI, CIA, and Secret Service knew all about it - but they let it go. (If JFK could assassinate Diem in Saigon, why not let the "Once & Future King" croak in Dallas? Blame it all on some "Marxist" patsie).

Long-tall Texan LBJ fugged-up the U.S. with his Vietnam fiasco and multi-racial "Great Society", so "Tricky Dick" had to be brought in for latrine-duty. (Nixon made his first money selling blackmarket tires in WWII with Florida/Cuba mobster Bebe Rebozo. Dick was pretty mad about getting out-mobbed on the 1960 election). Howard Hunt had been arrested but released at the JFK shooting, and now Tricky Dick used him to raid Democratic HQ with ex-FBI Liddy and some Cuban ex-CIA gusanos. So Nixon went down, when they fouled-up Watergate. First V.P. Agnew was hatcheted for building contractor kickbacks (and allegations of homosexual acts with minors); then crook Attorney General Mitchell and the rest of Nixon's advisers; finally Tricky Dick himself.

Appointed President was stumblebum Ford, who was in on the Warren Commission fix on the JFK shooting. His appointee V.P. was banker Rockefeller (real name "Levin", crypto Sephardic Jew). Rocky was later found dead in his moll's apartment. "Jew-boy" Kissinger shrugged.

The Georgia peanut farmer couldn't hack it, so they brought in a Hollywood B-actor to make America "feel good about itself again". Most of his sleaze cabinet went down as crooks; CIA chief Casey was running guns and dope, but brain cancer fixed the old boy; V.P. Bush was responsible for NSC oversight - and now he's our "kinder" President.

What a country to feel good about.

WHITE WORKER

Let's look at our history. The bloody Civil War was followed by the "Gilded Age" of the "Robber Barons" and starvation for workers and farmers. The "Gay Nineties" were a Depression, with riches only for the filthy. That lasted to WWI; the temporary war-boom (for "Democracy") slumped into recession by 1920. The "Red Scare" purged the unions, but then came insane stock market speculation and the rise of organized crime in the "Roaring 20's". This collapsed in 1929 and the

Great Depression of the "Dirty 30's" lasted up until the war-boom of WWII. When a slump followed in 1946, the bankers created a permanent war-economy based on U.S. money-hegemony and deficit spending. When they eased up in the mid 50's, a recession resulted, so they pumped up crisis and war in Berlin, Cuba and Vietnam. But the gook-swamp busted even their nut. The U.S. dollar collapsed by 1969 and then came the Oil Price War, which they had rigged - but it got out of control. Fortunately for them, the Commies had taken over too many Third World dirt-patches, so they could raise the alarm and wave the patriotism flag while skilled workers were mass-fired and plants closed. A Hollywood actor was put on to smile and chuckle while workers were offered part-time jobs making puke-in-the-box burgers.

All the slush-money of the 50's and 60's had made workers and farmers think they were real "Capitalists". Buried was the radicalism and populism of 1877-1947. ("Don't tell anyone that grandpa was a Red"). Everybody now was "middle class"! Boy, what a blow to find out that you're "White trash" again.

The Jews, who had used communism to purge the WASPS, were now in the driver's seat and big "patriots". The unions were castrated. Yuppiedom became the dream of every little backstabbing rat. Hordes of wetbacks and boat-people were brought in. A mulatto, mudcolored zombie population was envisioned for the glorious "video" future. It looked good on computer programs. But who pays the budget?

They've encountered some real problems. Number one, the worldwide banker credit-crisis. Number two, a lot of skilled White workers and ex-farmers don't like joining the "lumpenproletariat". And their jobless kids don't like becoming "white niggers".

Like in the old days of White Worker Revolt, there once again is brain and shit-kicker brawn combined down in the White Working Class. And the Anglo-Jew upper class just doesn't have the money anymore to buy it off.

We're back to real WAR again.

RETURN OF THE WARRIOR

But if there was hope, it lay in the proles.

From George Orwell's "Nineteen Eighty-Four"

In the 1920's and 30's youth was in the forefront of those revolutionary movements of national regeneration which swept across Europe, combatting both the reactionaries of the Old Order and the shysters of international Marxism.

Since the Second World War, however, that enduring alliance of Capitalism and Communism has used its joint domination of the mass media to steer any youth revolt in an internationalist direction. Big Business owners and Trotskyite hacks may not see eye to eye, but they are quite capable of collaborating against the rise of any "Third Force".

This cozy set-up has now been totally upset, for mass Coloured Immigration has provoked a youth revolt that is stridently Nationalist and Racialist. Of all the developments which might herald the resurgence of a healthy national and racial ethnocentrism, this youth revolt - which takes form in the 'skinhead' cult - is one of the most significant and encouraging signs.

In contrast to the largely middle-class students and trendies who were the hippies of the 1960's, the 'skins' are a working-class phenomenon, and wear a uniform of short-cropped hair and big boots. Their appearance is military and militant.

Physical prowess and toughness are recognized qualities, as they should be in a society which faces the realities of the struggle for life.

Skinheads display attitudes which are complete anathema to the fashionable fiction of multiracial brotherhood in which the rule Establishment has such a big stake.

It is, of course, the White working class which finds itself in the front line. According to a recent report the most likely victim of Black muggers is not the little old lady, but the young White male. Such attacks are not carried out purely for the motive of financial gain, but are race hate attacks.

Despite its tough image the skinhead cult is not all brawn and no brain. It is not a movement of mindless yahoos, but is deeply and actively politicized.

Skinheads have absorbed the cynicism of a society without ideals, and have turned that cynicism

against its very instigators and perpetrators.

This process has been fuelled by youth unemployment. The psychological effects of unemployment fall more heavily on the young who never get a job than on older people thrown out of work.

But socio-economic factors do not provide the main motivation for disaffection or the subject of its rallying cries. That motivation comes from the instinctive resentment provoked by seeing their country turned into a dustbin for the world's trash. It is a situation over which they - more than anybody else - were never consulted, but with which they are expected to live.

Just as sections of the student population provide Marxism and a social base, skinheads provide the cause of Racial-Nationalism with a mass base, and, indeed, a ready-made army.

It is no wonder that the skinhead revolt has occurred, but it enjoys no sympathy, of course, from any part of the Establishment. The self-same journalistic hacks who display such empathy for the denizens of the Third World, and who strive to 'understand' and 'make excuses for' the Black mugger, treat the White skin with universal fear, hatred and contempt.

MASS MOVEMENT

In their eagerness to condemn skinheads as a nasty minority of violent thugs, these effete ink-slingers seem to ignore the fact that the cult is today a mass movement amongst Britain's White working-class youth, and that it numbers in its ranks the sons (and daughters) of the journalists' own readers!

Skinheads share many of the attitudes of their parents, but with the difference that they do not have the old political loyalties of their parents, and they are also willing to act.

Patriotism still exists amongst the working class, and the fact that journalists despise it shows the gulf that exists between these self-appointed tribunes of the people and the people themselves. For all their theoretical egalitarianism, one constantly detects a sneering social snobbery in the attacks made by journalists on working-class Racialists.

Bourgeois hacks will spill volumes of ink on the 'meaningfulness' of some trendy theatrical group, but they cannot conceive of a spontaneous working class

initiative. The real voice of the working-class is, for these middle-class theorists, a 'false consciousness' which does not fit their Marxist misconceptions of what the working-class ought to be thinking.

TRIBAL ASSERTIVENESS

Hostility to skinheads is shared by other arms of the ruling Establishment such as the police, who harass them on sight purely because of the shortness of their hair and the way that they dress.

Like other cults which promote horizontal loyalty rather than vertical obedience, the skinhead cult is a phenomenon that makes all forms of established authority profoundly uncomfortable.

Rulers may not command the respect of all their citizens, but they do at least like to command a monopoly of armed force. Skinheads have their own code, their own morality, their own sense of right and wrong, but - more than that - they have the psychological willingness to resort to force in situations where others would hold back.

The skinhead cult is a cult of tribal assertiveness. Like all armies it presents a nihilistic image to its opponents, who will inevitably shrink in horror. Others will recognize that ancient barbaric qualities are just what our effete, over-civilized and self-abasing society needs in order to revitalize it and steel it for the coming struggle for survival.

North America is a sick society in crisis. The skinhead revolt is a natural and inevitable development: it is the return of the warrior.

HAMILTON-LEVINE

Alexander Hamilton was one of our "Founding Fathers". But who was his father? The Jew "Levine". Which is not just an incidental, but a key to many things. Its importance cannot be overstressed. Hamilton was the primary writer of the Federal Constitution; the first Treasury Secretary and founder of the U.S. Bank; the mentor of industrial Capitalism and child-female factory labor; leader of the Federalists who crushed a half-dozen armed revolts by the White farmers and workers; and "immortalized" on the \$10 bill.

Hamilton claimed to be the "natural son" of a Scottish "gentleman planter" in the West Indies. Actually, he was the bastard of a Jew merchant named "Levine" from the Danish-held Virgin

Islands. Alexander was born on nearby Nevis Island of the British Lesser Antilles. His mother was Levine's temporary common-law, a French "Huguenot" (Protestant refugee) named Rachel Faucett. She assumed the hyphenated surname "Faucett-Levine", although her Hebrew returned to the Virgins.

As Jews could not then obtain British citizenship, it was put out that the boy was fathered by a previous lover, one James Hamilton. However, at the tender age of twelve, the young Alexander worked a season as a clerk in a mercantile-house at St. Croix in the Danish Virgin Islands. At age fifteen, the boy's maternal aunts obtained for him a seat at King's College in New York City (now Columbia University). Since the "gentleman's institution" banned Jews, it was imperative that his true parentage be totally obscured, and his alleged "natural father" be elevated to the rank of "gentleman planter". In truth, James Hamilton (conveniently dead) had been a penniless "Redleg" poor-White and indentured-servant (White bond-slave).

Alexander was accompanied to New York by his mother, and enrolled in prep sessions at a grammar school in New Jersey before entering college as a special student. There he quickly aped the aristocratic airs of the sons of the privileged classes. His costly education in law school can be explained by certain "connections".

Supposedly a daring young artillery officer, his first role in the American Revolution was ghostwriting hack-articles for wealthy "Patriotic" politicians. He became

General Washington's private secretary and quickly linked with the most sordid financiers and speculators serving in the Continental Congress. (The most important were G. Morris, New York landbaron and congressional finance-agent; and R. Morris, Philadelphia banker and speculator, the congressional finance-chief, and owner of the official Bank of North America. Both linked to Jew usurer-speculators: Polish-Jew Haym Salomon, Russian-Jew Sokiloff, Anglo-Jew David Franks, Dutch-Jew de Neuville. Meanwhile, White common people and soldiers at the front starved and died) Lt. Colonel Hamilton obtained his first riches by marrying into the Schuyler family - the wealthiest landowners in New York state (which is to say, they lived off rents extracted from poor White tenant-farmers). Meanwhile, Hamilton was censured by Washington for a flirtatious affair with the young French officer Lafayette. In a rage, the 24 year old "Staff Colonel" broke all personal relations with General Washington, shrieking: "I no longer love him!" While still in uniform, Hamilton served as an appointee Congressman and plotted to overthrow the government by a military coup of the officer corp and establish a new monarchy, or "King of America" (the "Newburgh Conspiracy" of 1783).

The mature Hamilton despised the White working people as the "Great Beast" and commanded troops to crush their uprisings against his taxes, laws, and foreign war). yet he argued against theories of Negro inferiority. there has been speculation that his

Reagan Signs Treaty Banning Genocide

40-Year Struggle Ends as International Agreement Given Force of U.S. Law

WASHINGTON (AP) — President Reagan's signature Friday on legislation giving a treaty banning genocide the force of American law marks the end of a 40-year struggle and represents the final feather in the political cap of retiring Sen. William Proxmire, D-Wis.

Proxmire delivered more than 3,300 daily speeches over 19 years before the Senate voted on Feb. 11, 1986 to ratify the treaty. That act turned back four decades of opposition by conservatives who contended it would undermine rights of Americans under the Constitution and infringe U.S. sovereignty.

But it took another two-year struggle to win congressional passage of the legislation needed to implement the treaty by making genocide — the deliberate destruction of a specific population — punishable under U.S. law and setting stern penalties for violators.

The Senate version of the genocide implementation bill is officially called "The Proxmire Act" to honor the long crusade of the senator who is closing out a 31-year Senate career.

The treaty was drafted after World War II as a response to the Nazi Holocaust that killed millions of Europe's Jews and other ethnic minorities. It was approved by the United Nations at the end of 1948 and submitted to the Senate early the next year by President Truman.

By the time the Senate acted two years ago, 95 other nations had ratified the treaty. The Soviet Union frequently embarrassed American diplomats by claiming that the U.S. failure to ratify the pact as evidence the United States lacked a complete commitment to human rights.

Reagan signed the genocide bill at a ceremony at Chicago's O'Hare International Airport, saying he was "delighted to fulfill the promise made by Harry Truman to all the peoples of the world — and especially the Jewish people."

The president recalled the Nazi death camps that claimed millions of Jews, Slavs, Gypsies and others and said "similar atrocities have since taken place in Cambodia, the Ukraine and Ethiopia."

These events "only renew our rage and righteous fury and make this moment all the more significant for me and all Americans," Reagan said.

Was Not Present

Proxmire was not present at the signing ceremony. White House spokesman Marlin Fitzwater said he had been invited but was not able to attend.

Addressing the Senate on Oct. 14, shortly before the genocide bill was passed, Proxmire said the treaty was made necessary "by the deliberate murder of 6 million Jews."

"They were gassed, lined up and shot and they were worked to death," he said. "Why?

CONSERVATIVE RACIALISTS WHO VOTED BUSH-QUAYLE, WE HOLD YOU RESPONSIBLE FOR ANTI-WHITE LAWS!

Only because they worshipped God in a different way."

Proxmire drew praise from his colleagues for his "long and often lonely" fight and Sen. Joseph R. Biden Jr., D-Del., told the Senate: "I have no single doubt in my mind that there would be no treaty without Senator Proxmire."

"The senator from Wisconsin never stopped talking; his was a kind of moral filibuster," said Seymour D. Reich, international president of B'nai B'rith, at a reception honoring Proxmire a few days later.

The Proxmire Act defines genocide as an action taken with a "specific intent to destroy, in whole or in substantial part, a national, ethnic, racial or religious group."

It would apply to activities in which members of those groups were killed, seriously injured or permanently impaired through the use of drugs, torture or "similar techniques" or were subjected to conditions aimed at causing "the physical destruction of the group."

Also included are efforts to prevent births within a group or forcefully removing children.

If death results, people found responsible could be fined up to \$1 million and imprisoned for life. Where no death is involved, the punishment is set at a fine of up to \$1 million and 20 years in prison.

Under the law, anyone convicted of inciting another to violate its terms could be fined up to \$500,000 and imprisoned for up to five years.

Legalistic and conservative objections to Senate ratification of the genocide treaty were raised from the beginning.

The American Bar Association, which reversed position and endorsed the pact in 1976, contended initially that genocide was essentially a domestic and not an international concern and therefore not a proper subject for treaties.

Harm Balance of Government

It contended that ratification would harm the balance between the federal government and individual states by making a certain type of

murder — genocide — a federal rather than state crime.

Dr. William Korey, director for international policy research for B'nai B'rith International, wrote in a recent account about the struggle to ratify the pact that part of the problem arose over the treaty's attempt to outlaw genocide "in whole or in part."

"Fears were apparent in various segregationist circles that the reference to 'in part' might be applied to a limited form of race violence, such as lynchings," Korey said. "The phrase 'mental harm' also raised concerns."

Other critics said the United States might be embarrassed by an international show trial based on alleged atrocities against American Indians in the 19th century.

Still others expressed fear that ratification could result in American citizens being tried against their will by an international tribunal, without the protections accorded by the U.S. Constitution.

game. If you are going to go down, make them pay system money for it.

7) Never allow yourself to be Mutt and Jeffed by cops. Mutt threatens you and Jeff is your best friend who understands you. This is the oldest trick in the book.

8) Cops will attempt to isolate you as if in a prisoner of war camp, which is just what it is. Cops may withhold visitors in many cases. In some cases they will withhold your mail.

9) Cops will try to convince you that your friends have all ratted you off and left you out to hang. They want you to feel sorry for yourself, making it easier for them to break you down.

10) Remember, there are now twelve members of the Order doing from 40 to life partly because they would not break and deal with the Zionist Occupational Regime in Washington. So don't cry about six months or a year or two.

11) The war continues against the Jews and their plutocrat allies. Nothing has changed since Robert J. Mathews was murdered by an alien and illegal regime in Washington, D.C. This directive is issued by W.A.R. Never surrender, comrades. You will never be forgotten, written off, or betrayed by us.

KIKE USES PALESTINIAN WOMAN AS SHIELD

White racialists were sucked into an illogical, ideological trap in their defense of Palestinians. Many White Nationalist leaders, who are limp wristed on the Jew issue, use anti-Zionism and the Palestinian issue as a cover for their down deep hatred of Jews. Jews have claimed this and they are, of course, correct on this point.

It is time for straight talk on the Arab issue. Aryans should care less about the future of the Arab world. Jew nationalists are correct in Israel for their fear of being overrun by the Arab birthrate. This position is similar to the Aryan problem in Europe, Russia, and North America. The Moslem world is just as much a threat to the White World as Asiatics and Negroes.

If our Aryan world view is to be consistent, we must get off this pro-Arab kick. The fact is that the Arabs have never been Aryan allies and can never be. The Aryan movement has never received backing from the Arab world, unless huge strings were attached.

Kadafy's anti-semitism is a myth and his ties to Jew Armin Hammer are very well known.

Realistically, many Jews in Israel are pragmatic and practical. While the largest sector of U.S. Jews are hypocrites and liars.

Rabbi Mier Kahane wants all U.S. Jews to flee America while they can and we agree. We also agree that when Kahane desires leiberstrum to house these Jews, Aryans should care less how much Arab land he needs. Arabs are weak and unfit to hold the land, so why should they?

The Palestinians are even weaker than most. When Alex Odeh, a Palestinian, was blown to bits a few years ago by a Jew assassin, Palestinians only whine and groveled.

Arabs of all types are invading America and Europe. WAR should prefer the Jews to use them for target practice. It would relieve some of our problem.

THE KEY

"Who controls the propaganda of a nation controls the administrators of government, because with the control of propaganda you make the politicians and break the politicians." (Rosa Luxemburg-1918)

Skinhead roots in Britain

The current skinhead movement actually began more than 25 years ago in the blue-collar working-class neighborhoods of England.

Back in the late 1950s, American music washed onto the English shores and was immediately soaked up by bored British youths, who differed on their musical preferences. One group, The Mods, dressed more formally and listened to American rhythm and blues. The other youths became Rockers, guys with white T-shirts and leather jackets who listened to the harder white music of Elvis and Buddy Holly.

In the mid-60s, the Mods splintered into the art-Mods, which listened to folk music and became hip-

pies, while the more conservative Mods, who were made up mostly of working-class youths from the cities, moved into the harder British-bred rock 'n' roll.

The "mod cons," as they were known, hooked up with what is now considered the first skinhead band, Slade. Slade played fast and loud songs that espoused working-class values. The band's music was eventually seen as the impetus for the punk rock movement.

With the growth of the hard core movement and the splinter of the mods, many of the youths became involved in fights and riots with the other factions. Those fights resulted

in what is now the skinhead fashion — shaved heads, black flight jackets and Doc Martens boots.

The youths shaved their heads so that opponents couldn't grab their hair. The boots, which were worn by many factory and dock workers at the time, merely served as a symbol of the movement's allegiance to the working class. But because many of the boots had steel toe supports, they made for a good weapon in battle.

As the 70s came into being, the various music groups kept a low profile. But high unemployment among youths in London during the mid-70s caused a resurgence of the skinhead and hard core movement.

Pig Dealings

BY TOM METZGER

There is a nationwide push by Jews and their White, Black and Brown lackeys to attack, jail and shut down any White youth resistance to the non-White gang rule in America. Within the last few months, Aryan youth and Skinheads have been set up, arrested and charged with a variety of offenses. The boys in blue who serve the Jew, otherwise known as cops, have their orders and are on the march. The following is standard operating procedure. Any violation by any associate of WAR will meet with immediate disassociation. No support either moral, financial or legal will be given to

anyone who strays from these simple guidelines:

1) Never answer questions from any cop, FBI, Treasury, Secret Service, IRS, ATF or any other agent of the Zionist Occupational Regime. You have only one statement, and that is, "I have nothing to say".

2) If arrested, as in the military, only give name and serial number. Since our forces do not have ZOG serial numbers, only give name and address. And only your own!

3) Insist on a public defender. Never "waive time". Insist they go right to trial, or ZOG can keep

you in jail for months, waiting for trial.

4) Do not allow yourself to be interviewed by anyone while in custody, except your lawyer. This includes any other prisoners. Inmate snitches will lie about anything to get out.

5) Plead innocent. Never plea bargain. The district attorneys will charge you with ten counts just to make you feel great when they have dropped it to two.

6) Insist on a jury trial. Even though most jurors are system lovers, it only takes one to vote no and you will walk, it also raises the price of the

"French Creole" mother was part Negro, but this is likely untrue. She is also spoken of as "Rachel Levine: a French Jewess", bearing a bastard to a "drunken Scots peddler"- "a shiftless Scot, little more than a beachcomber"... Actually, the peddler and father was a Jew; she was French; and the drunken, shiftless cuckold was a Scot.

Which sounds familiar, for the White American working people have been cuckolded, and just plain screwed.

THE EMPIRE

WAR READERS:

Regarding the "WHITE REBEL BEAR FLAG":

When White settlers in Northern California revolted against the Mexican Junta and captured Sonoma on June 14th, 1846, they declared an independent White Republic and raised the "Bear Flag". The symbol on their banner was originally a "WHITE BEAR" of the North.

"...the flag of independence - the Bear Flag, as it was called - the devise of the bear being adopted on account of the courageous qualities of that animal (the White Bear), which never gives the road to men - which attacks any number - and fights to the last with increasing ferocity, with amazing strength of muscle, and with an increasing tenacity of the vital principle - never more formidable and dangerous than when mortally wounded. The independents

took the devise of this bear for their flag and established the independence of California under it..."

"Thirty Years' View", T.H. Benton

The later battle outside Los Angeles was fought at Pico Rivera. As a child, I lived across a field from the site and remember an old canon mounted at the battle memorial. The area has now been retaken by Mexicans. The fight near San Diego was an San Pasqual. Tom Metzger once held a memorable mass-rally there. When Tom, Wyatt and I visited the site this spring, we found the memorial plaques again ripped-off by Mexicans. The government tourist pavilion was staffed by an Asiatic, and the booth was conveniently located on the far side of a hill from the site (so our brave civil servants need not risk seeing the Mexicans plunder it). Is that what the "brown bear" means? We either become "White

Bears" again, or simply surrender our race.

Yours for the Revolution,
John Jewell

Dear Mr. Metzger:

I would just like to express my appreciation for the brave stand you have taken in defense of our race and heritage. I have seen you and the Aryan Youth Movement President John Metzger, on television talk shows twice recently.

I have also listened to your WAR hotline every week for about two or three months now. It is a great comfort to know that there are still racially conscious White people who are willing to risk everything in order to make a stand for our cause.

I believe that I have some understanding of the persecution you have endured. I myself have felt the weight of strong societal pressure to conform to the genocidal way of life that we are bombarded with each hour of the day, and when I have refused, I have been ostracized by friends and associates. In fact, during my junior year in high school when I was only sixteen, my friend and I had our hall locker repeatedly spray painted, burned, hammered and kicked in, just because we expressed White racist views. I also faced repeated threats, harassment and abuse from Micronesian, Congoid and garbage head race traitor students. It just goes to show that America is a free country only if you play the game.

It isn't easy being a White Nordic in this day and age, especially if you express pride and admiration in ones' Germanic heritage.

I would certainly like to learn more about your organizations and John's

organization, so I am enclosing \$20 to receive upcoming issues of your publication, WAR. I am looking forward to receiving your latest issue, as I have heard it is hot off the press.

Good luck and keep up the good work.

Sincerely,
J.S.

Dear WAR,

While I was recently in Seattle I attended one of the first performances of a play called "God's Country" about the Order. Even though it is done by and for left-liberals, this play is likely to help the Order's legend grow if it continues to be performed as it was that night, since about two thirds of the script was taken verbatim from the writings and statements of Order members and their supporters. It was as if those doing the play had no conception that anyone in the audience could be touched by such a message. When it was villainously and unrealistically screeched as it was by Kurt Beattie, the actor playing Tom Metzger, they may be right, but the play's star, Ben Prager, was professional enough to play Robert Mathews with a realistic idealism that even some of the intellectually hostile may have found soul-stirring.

That a small group like the Order has inspired several books (an interesting and informative new one is "Armed and Dangerous" by James Coates), a major movie, and now this play, demonstrates the significance of their deeds. Robert Mathews' short life was so well-lived and his death was so dramatically heroic that even his enemies find him difficult to ignore and hard not to admire.

STAFF INTERVIEW
Age 35, Head of Office
Race: Unspecified

Q. How long have you worked for the Bureau of Prisons (B.O.P.)?
A. 8 years

Q. How many other facilities have you worked?
A. Five

Q. Would you agree that the turnover you experienced is larger than some people might expect?
A. Yes

Q. What happens to those guards that cannot really adjust to B.O.P. policy, such as "mental intensive" policy, that although unstated, is mentally abusive to inmates?
A. They are shipped to details far from their families and friends, or ostracized from group activities.

Q. You mentioned something concerning environment in

the "New Prison System". Would you care to elaborate?

A. Maximum environmental comfort versus maximum stress, instability, frustration and isolation control. This is to determine just how much stress the inmate population can take. In other words, how much freedom can be given, then taken away.

Q. Who decides these programs and their varying degrees?

A. The warden and head psychiatrist.

Q. Are these programs considered policy or are they made up by the warden and psychiatrist?

A. General guidelines are established, but the warden has "despotic" power at his disposal, along with the

psychiatrist, and will instigate policies at their whim, regardless of the danger.

Q. Have you noticed any racial or sexual discrimination while employed with the B.O.P.?

A. Yes, being a man it has been hard putting up with double standards here. I recently graduated from college and am receiving a degree on corrections, but am passed over by administration for people who do not care about the future of any of the inmates.

Q. What double standards are you talking about?

A. We all know that each of us would be with their own kind (race), but the B.O.P. tells us staff to integrate the inmates, thereby causing untold

animosity and anxiety among the population. Yet we all know, amongst each other, that we certainly will segregate ourselves. We are forced to create an unnatural environment for these men.

Q. How does the B.O.P. view incarceration?

A. As warehousing! Just to keep people off the street with no concern as to their becoming citizens again. It is funny that civil rights is demanded by everyone - except for our ex-prisoners. Those that still have some integrity, and responsibility left should be made full citizens again. But, this system needs something black and evil to cast their fears upon.

Q. How do the families fit in?

A. As leverage.

Q. As what?

A. As leverage to keep the men under control. Since outside contact is important, it is necessary to keep family visits strained. If you are good, no stress during visitation; bad, much stress. What these families must realize, however, is that although their husbands, fathers and brothers have no rights, they do! And they should not hesitate to lodge complaints with the head of the B.O.P., the government of that state, and prison rights groups.

Q. Does lack of family/social support hurt?

A. It makes my job much harder, yes.

Q. What do you resent most about your position with B.O.P.?

ALIEN NIGHT

By David Lane

Long ago in endless time
Somewhere in unknown
space
The Gods gave substance
to themselves
And to this earthly place

Then the sons of the Gods
chose the earth
To carry on a fight
That started in another
place
'tween darkness and the
light

Now the Arya are the sons
of the Gods
And Order is their cause
For chaos cannot prosper
In the light of nature's
laws

But darkness had a hidden
plan
And an army all in place
'Twas stealth and wealth
and cunning
In the hands of an alien
Race

The Arya spread across the
earth
And taught the folkish way
And for a time Order
reigned
But 'twas a short lived day

For alien Race of cunning
men
With usury's hidden hand
Destroyed and stole the
heritage
Of every folkish land

Purchased kings and
fostered wars
So kindred folk were slain
By those of selfsame soul
and blood
On every earthly plain

The alien taught the Arya
That a nation is not a Race
That blood and kin mean
nothing
Nor ever similar face

A nation is wealth and
power
And a national anthem they
cry
A rag called a flag and a
line in the ground
For this the Arya should die

So Persian fought Greek
And Roman fought all
From east of the Tigris
To Britain and Gaul

The blood of the Arya
All spilled in vain
Norman and Saxon
Celtic and Dane

The alien taught Arya names
for the Gods
And no one did object

Though son may call sire
only Father
All else is disrespect

So Arya slew Arya
For Mithra and Thor
For Christus and Zeus
And Jove they slew more

There came a time that
Christiandom
And Europe quailed in fear
As dragons prowled the
coasts
And Woden's sons came near

The pope brought forth an
inquisition
To reinforce his claims
Protestants and sons of
Woden
Burned in Catholic flames

All Father was the
Norseman's God
To Christians that's a sin

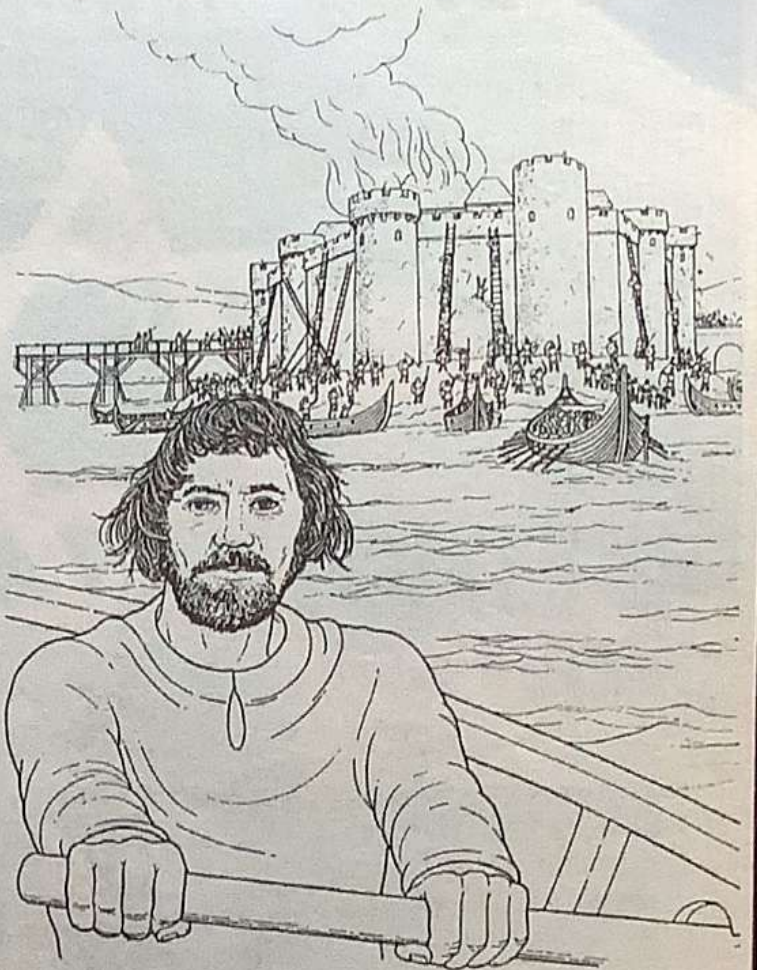

Our Father has a better
sound
So they slew their Nordic
kin

And thus the seeds of
death were sowed
Within the Arya Folk
The alien only had to deal
The final fatal stoke

America was the name of
the sword
That ended Arya light
In Dixie first and then in
Europe
She brought the alien night

The voices of a murdered
Race
Whisper to me and you

VICTORY

BELONGS TO THE STRONG

From the graves of Dixie
and Europe
Beware of the red, white
and blue

Too late my friend you
read this ode
It's written in a prison cell
And the last generation of
White children
Are condemned to a living
hell

Arya children with skin so

fair
With eyes of blue and
green
And ladies with tresses of
auburn and gold
Will never again be seen

This is the dream that
tortures my soul
That demands to my last
breath
That struggle I must to
wake my kind
From nearby sleep of death

security! We lie about their
files, we lie about the
security limitations, we lie
about transfers, we lie
about their future. It
makes me sick!

Q. Are you afraid that your
superiors will find out your
true feelings?

A. No! Because it is not
what you know, it is who
you know and I'm covered.

Q. What do you think of
political prisoners?

A. Well, I never even
thought about it until
recently, but it has been
growing, especially in the
"New Prisons" that I
mentioned earlier. Isolation
and stress are being used
exclusively for these types.
New Model Prisoners (NMP)
put in with men, for better
or for worse, who have
been in prison for years or
"life" and everything in
between, jumbled together.
ONE BIG POWDER KEG
and the idiots (adminis-
tration) want us to stir it!
Crazy! Sometimes I wonder
if some of these radical
theories (social change, etc.)
would not be better than
this type of behavior.

Q. We are told that drugs
are a major problems, are
they?

A. Well, the dogs (cocaine
addicted dogs which are
used to locate narcotics)
have been on this yard
about four times since I
have been here, with no
finds. There is, of course,
drug use on the yard since
guards usually can make
more money that way, but
not as much as I expected.
I do not like drugs, in fact,
I hate them and their
consequences, but you put
men in an abnormal
environment for 15-20 years
and what do you expect? It
is sad, but inevitable.

Q. You have staff from all
over the country, tell us a
little of your experiences
with them.

A. I am a westerner, that
is, I consider myself a free
agent if you will. These
damn easterners come here
with their eastern psych
and model programs
and...they get the best
housing and treatment. But
what really gets me (all of
us staff) mad is that this
new system sends officers
and staff that have

testified against other
officers for various
offenses (Rats) and have
gone so far as to "set
others up" just for
promotion. These are the
types I have to deal with.

Q. How does this effect
the inmates, knowing this
behavior is accepted by the
administration?

A. They have no respect
for us.

Q. Does the "New Prison"
system approach allow any
personal spirituality?

A. Yes - No! If you can
find the time and isolation,
yes; if not, no! The tactic
of the B.O.P. now is to fill
up the inmates time with
frivolous items or
continued "work
containment" (UNICOR)
which means an inmate
may sit at a table for 8
hours a day with no work,
but cannot read - not even
a Bible, he is not allowed
musical instruments in his
cell and arts are regulated
very heavily. This lack of
contact with visual and
audio expression, along
with literary advancement,
disenfranchises the man

with reality - a cold world
with few warm contacts.

Q. Does this, then, add to
Recidivism?

A. Of course it does. If a
man leaves this type of
confinement and is literally
dropped off into a colorful,
sound filled environment
with no help or direction
after 10+ years in prison,
what must that man end up
doing? Some would even
commit crime to return to
this commune (institution)
type of environment. It is
disgusting.

Q. What are your feelings
on sentencing?

A. The sentencing system
is out of control! They are
sending young men to
prison for crimes motivated
by fear or need, for years
away from their families
with no concern as to
their responsibilities back
home (i.e. family).

Q. Isn't that light on
crime?

A. Hell, no! If someone
rapes a 3 year old girl,
then you either execute
him or incarcerate him. I
prefer the former - but if

a man steals money to
support himself and family
or kills someone that is
about to rape his three
year old daughter, these
men should receive
sentences relative to the
cause and effect.
Therefore, a man that kills
to save a life should
receive no time and one
that takes a life for profit
should die.

Q. Excuse me, but what
would be your position?

A. Public ostracism - I
mean, if a young man stole
a car, then his immediate
neighborhood should be
made aware of his actions;
then the lad should, of
course, make any and all
restitutions for damages.

Q. Does the B.O.P. know
what it is doing?

A. No! Their bureaucratic
policies are creating
criminals instead of solving
the problem.

The Burning Bush

By Howard Weiss
Goyim = Assimilation

IN MY youth, I never liked the goyim.

Whenever a goy helps us, it's usually for their own benefit.

Without question there have been times when goyim have done good. I suspect that these few have had Jewish genes to account for it.

The United States bears great guilt for the millions of Jews that could have been saved but weren't. Whatever benefits we've gotten have been paid back with interest in making this 'blessed land', a nation of power. History tells us that those nations that allowed us to live in peace and prosper were repaid with greatness, and those that harmed us were destroyed. You'd think they would learn, but they don't. We Jews, each and every one of us, are the priests of G-d. We are the purpose of creation. We have survived to be the

light that is to guide mankind.

Nu? So what about the Jews who don't follow Jewish religious laws, who steal, lie and worse. (lo aleno). How come? Simple, they were brought up Americans, not Jews. They never learned in school or at home what it meant to be chosen to be a mensch. We as Jews must strive every moment of every day to be honest in our dealings, kind in our actions, and do what we promised G-d at Mount Sinai. There are those among us who say, "In my heart I'm a Jew, but I don't keep the Shabbat, eat kosher or anything else." They want the credit, but don't want to make the investment.

They want so much to belong, and fit into society's form. They are unfortunately trying to join the wrong club. There were fifteen million Jews living in Egypt when the Exodus

began. Twelve million chose to stay there, due to their assimilation. They were never heard from again. We Jews living today are descendants of those who refused to give up their identity, who ever since have maintained our faith in the true and only G-d. My dear friends, give honor to our country, but live your life as a Jew.

If you want to start a better, happier life being who you really are, send me a card or letter care of this newspaper.

A NOVEL ABOUT THE GREATEST
CONTROVERSY OF OUR TIME

A CANDIDATE FOR THE ORDER

BY MICHAEL A. HOFFMAN II

John Schmidt is a decent man with unpopular views. A "Holocaust" revisionist and White separatist, he's trying to make a living for his family after experiencing a series of financial setbacks sparked by a campaign of repression against him. Fired from his teaching position, blackballed by the Zionist ADL agency, assaulted by minority street thugs, recruited by an underground gang of White extremists, Schmidt is a man in the middle, desperately seeking to make balance in an America aflame with racial apocalypse. Forced to choose between extremism and reason, between extinction and survival, he steps into a nightmare world where every choice he makes leads him deeper into horror. John Schmidt is A CANDIDATE FOR THE ORDER.

NEW AMERICA - The Radical Voice of American Nationalism

New America is the ideological and historical journal of the National Democratic Front. It exposes the half-truths, historical lies and hypocrisies upon which the present plutocratic System is based, and it reveals and explains the eternal principles of nationalism that guide the NDF. Our wisdom is drawn from an historical analysis that follows truth wherever it may lead. History is the foundation of political wisdom and is the training ground of the true political leader. That is why we lead New America No.3 with the editorial entitled "Masters of History" and follow with these articles:

- On Nationalism Part III: Dynamic Order - Outlines the form of government America will have when the NDF comes to power.
- A Tale of Doomed Empires - Draws lessons from the Spanish conquest of Mexico and Peru.
- The Forgotten White Slaves - How Whites were brought to America in chains to provide cheap labor for the rich.
- My Debt to Robert Ardrey by Gary Gallo - The wisdom revealed by a great student of science and behavior.
- The Code of National Revolutionary Conduct
